## SUMMARY

Passionate B.Tech Information Technology student with a strong interest in AI/ML, software development, and community building. Founder of TechVedas and Vice Chair of IEEE SSIT, actively involved in hackathons and technical events. Eager to contribute to real-world projects, apply problem-solving skills, and grow through impactful internships.

## EDUCATION

|                                                  |                        |
|--------------------------------------------------|------------------------|
| <b>Anurag University</b>                         | 2023-2027              |
| Bachelor of Technology in Information Technology | CGPA: 8.8/10 (current) |
| <b>Kendriya Vidyalaya Picket, Hyderabad</b>      | 2021-2023              |
| 12th from CBSE                                   | Percentage: 81/100     |
| <b>Kendriya Vidyalaya Picket, Hyderabad</b>      | 2020-2021              |
| CBSE                                             | Percentage: 91.8/100   |

## EXPERIENCE

### Travel Together: Personalized Itinerary Planner (Freelancing Project with Firebase Backend) [Link](#)

- Engineered an AI-driven travel app with personalized itineraries as a freelancing project, using Firebase Authentication for secure backend.
- Collaborated with a small team to build an admin dashboard for itinerary management, user tracking, and analytics with post-deployment support.

## PROJECTS

### Heritage Hues: Promoting India's Untold Stories through a Heritage Tourism App | *Flutter, Dart* [Link](#)

- A cross-platform travel and tourism app built with Flutter & Dart.
- Aggregates data on heritage sites and commerce markets.

### Geek for Geeks Student club Website | *Web Technologies, Cloudfare CMS, Firebase* [Link](#)

- A dedicated website for the GeeksforGeeks Anurag Student Chapter, providing event updates and resources.
- Built using HTML, Bootstrap CSS, JavaScript and Firebase.
